

What CPD have staff had in order to meet the needs of children with SEND?

Staff at Meriden work extremely hard and are totally committed to ensuring each and every child makes the progress they are capable of whilst recognising that children all have different starting points.

Senior leaders are committed to providing the entire staff with appropriate CPD in order to carry out their roles and responsibilities to the very highest standards. As a result, staff regularly receive training sessions on a range of needs. Recent training has included:

- 1:1 support for specific staff working with children with additional needs.
- Supporting anxiety
- Emotion Coaching
- Diabetic training
- Autism awareness
- Cerebral Visual Impairment

Training is always focused on specific needs and the school actively seeks expertise and additional training as necessary.
